

JURY SELECTION MINUTES

Call for Postdoctoral Research Fellowship Project ERC-2018-COG-819046 - makingtheretina

On the 12th of July of 2023, at 14:30, the selection jury formed by Dr. Caren Norden, Dr. João Coelho and Dr. Raquel Oliveira, met to analyse the applications to a fellowship, in the scope of the project ERC-2018-COG-819046 - makingtheretina, funded by Horizon 2020.

The call was open from the 9th of June 2023 until the 10th of July 2023. The jury analysed the documents submitted in the applications. The call received 1 application that was classified as detailed in table below (scores on a scale from 0-100).

After considering all applications, the jury decided by unanimity to not recommend the hiring of candidate number 1, without the need for an interview, because the candidate did not fulfil all the essential criteria required. Given this, it was unnecessary to consult reference letters or to conduct an interview.

	CV & previous experience (60 %)	Motivation letter (20 %)	Reference letters (10 %)	Interview (10 %)	Final score (conversion to 100%)
1 - Asma Ressaissi	36	5	0	0	41

Comments – Application and profile not according to call requirements. Fulfills only 3 out of 5 essential requirements. Does not reach a minimum of 75% to proceed to interview.

All the candidates were informed of the deliberations of the Jury on the 2nd of August 2023. If there are no complaints during the 10 working days following the communication of these results, the decision will be considered as effective.

There being no further matters to discuss, the meeting for which these minutes were drawn up was closed and signed by all the members of the Jury.
